NANCY M. HOCKENSMITH

Being honored for twenty-five years of service, Nancy Marie Hockensmith came to Potomac State as an instructor in biology after receiving both undergraduate and graduate degrees from West Virginia University. Before becoming Dean of the College, she attained the rank of full professor and served as chair of the Division of Natural and Physical Sciences and Mathematics. During Dean Hockensmith's years of academic service, other positions that she has held include coordinator of athletics and interim chief executive officer.

Dean Hockensmith holds membership in numerous professional associations including the American Association of University Women, WV Academy of Science, Phi Delta Kappa, Delta Kappa Gamma, Alpha Epsilon Delta, The Nature Conservancy, WV Association of Academic Deans (past president), Association of Cumberland/Shenandoah Valley Chief Academic Officers, and numerous other involvements at the College, University, state and regional levels.

Along with her numerous academic duties and membership in professional organizations, Nancy is Commissioner of the West Virginia Women's Commission, holding appointments from three governors over the past seven years. She is also a member of the Governor's Exhibition Planning Committee for Women's Cultural History and the Governor's Board for Small Business Development. Also at the state level, she is a member of the Board of Directors of the Governor's Private Industry Council and the Board of Directors of the Eastern Gateway Chapter of Software Valley. In addition, she serves on the State Advisory Committee for Area Health Education Centers.

In the Keyser community, Nancy is a member of the Board of Directors of the Mineral County Chamber of Commerce and the Board of Directors and Executive Committee of the Developmental Center and the Sheltered Workshop. She is also on the Advisory Council of the Shawnee Girl Scout Council.

At the college Nancy is a charter member of the Athletic Hall of Fame Committee of the Alumni Association and was a member of the Board of Directors and Executive Committee of the Potomac State College Foundation. She is also the college's director for the Potomac River Basin Consortium.

Along with all of the above academic, professional, and service activities, of which the above gives only a partial listing, Nancy found time this year to teach honors sections of biology during the fall and spring semesters. Although the list of her accomplishments and continuing service activities is truly impressive, her desire to continue to work with students in the classroom is, perhaps, the greatest testament to her deep commitment to education.
